We are preparing the academic year 2022 - 2023 for you!

19/07/2022

We are getting everything organized for the next academic year. Courses will start on October 3rd, and the previous week we will hold a number of welcome and general guidance events for all new students. The calendar of courses and the timetables are already available [here](#) (in Spanish). The Master's Guide (in English) is also available [here](#).

Thanks for your patience while we update our website.
