EARLY NUTRITION POSTGRADUATE SYMPOSIUM

Desde el 15 de Mayo, 06/02/2025 - 20/27

https://congressos.urv.cat/public/cng_media/ENA24%20PEDINUR/PROGRAMA%20ENA%202025

Dear colleagues,

We are happy to announce the forthcoming Early Nutrition Academy Post-Graduate Course, scheduled to be held in Reus on March 12th and 13th.

This course serves as a pivotal platform uniting researchers and health care professionals passionate about pediatric nutrition across Spain. Our collective goal is to promote health strategies through nutrition that pave the way for health in the future generations.

The Early Nutrition Academy was initiated by scientific researchers exploring the biology behind a healthy start to life and the early nutrition programming. Currently, our group, the Pediatric Nutrition Research Group (PEDINUR) from the Universitat Rovira i Virgili - IISPV, continue working on spreading this mission in collaboration with the University of Granada, the University of Zaragoza and the University of Santiago de Compostela providing University training through the Official Interuniversity Master on Genetic, Nutritional and Environmental Factors of Growth and Development.

We look forward to your participation and warmly welcome you to our city and our
